

From Suffering to Salvation

The Christian Church began with Jesus' resurrection on Easter Morning a supernatural event that proved that death is not the end. It empowered his disciples to establish his church against overwhelming opposition from both Jews and Romans.

The power behind their incredible success was GOD's acceptance of Jesus' death as payment in full for all of mankind's transgressions. This gift comes at no cost, but only with acceptance of Jesus suffering and death as sufficient for our redemption.

Jesus' earned salvation for all mankind, but only for those who acknowledging him as their savior and dedicating themselves to his worship and service. Only they will experience this freely offered salvation..l
