

GOD'S Timing is Never Random

GOD's timing is rooted in His character. Because GOD is omniscient, He never guesses. Because He is omnipresent, He never arrives late. Because He is holy, his timing is never careless. Nothing He does is accidental; nothing is reactionary. Nothing is rushed.

GOD's timing is often slow to us, we feel waiting; GOD sees alignment. GOD sees the exact moment when circumstances, hearts, and outcomes converge.

GOD's timing is shaped by what will grow your faith; what will protect your heart, what will reveal His glory, and what will bless others through you, he times things to transform you. GOD is never late, but he's rarely early.
