

SPRITUAL AWAKENING

SPRITUAL AWAKENING is a new awareness; of dangers and hardships we may not have experienced but that our children will. It is an AWAKENING that transforms us into what we must become.

It shifts perception, beliefs, and societal norms to promote inner peace. It recognizes GOD's presence, and His holiness, enabling a personal relationship with Him. It is a reaction against secularism, and lifeless worship. It is not just intellectual belief but a deep transformation into true discipleship!

GOD says, "let me take what you cannot carry." Providing peace; personally, intentionally, rooted in LOVE. It is GOD near us, trustworthy, gentle, strong, and PRESENT! This is the relationship GOD wants with all his CHILDREN; that they are BOLD, PEACEFUL, FEARLESS, CONFIDENT, and UNSTOPPABLE. This PEACE arrives when GOD is truly active in his children's lives.
